NOTIFICATION

I would like to bring to the kind notice of the contributors of articles of our “**Journal of Veda Samskrita Academy**” that, from **July 2023**, name of our journal has been deleted from the UGC CARE List. This development has been noticed from the UGC website.

No correspondence has been made with the Academy in this regard. We do not know the exact reason for the non-inclusion of our journal in the CARE List. However, our effort for the inclusion in the CARE List is in progress. If any lapse is there from our side, we will try to set right the short comings. This work may not be completed before December, 2023.

In this regard we would like to inform you that 22nd volume, i.e. from **July to December 2023** will be published as usual, with ISSN 2250-1711 only, without UGC CARE List identity.

Last date for the submission of articles is **25th December 2023**. Publication of the Journal will be in the month of February 2024. Contributors of articles may kindly note this and co-operate as earlier.

With regards.
